

Millions and Billions

We say: "seven hundred thirty-five billion, three hundred forty-two million"
We write: 735,342,000,000

For exercises 1–3 use the number 645,333,245,104.
 Ring the correct word.

1. The 333 tells how many: billions, millions, thousands, ones
2. The 245 tells how many: billions, millions, thousands, ones
3. The 645 tells how many: billions, millions, thousands, ones

Write each number in standard form.

4. forty-four million, seven hundred sixteen thousand, two hundred fifty-five

5. seven million, six hundred ten thousand, eight hundred twenty-five

6. three hundred eighteen million _____

7. nine hundred sixty-four million, five hundred eighty-three thousand,
 four hundred fifty _____

8. $500,000,000 + 30,000,000 + 5,000,000 + 200,000 + 60,000$
 $+ 3,000 + 200 + 50 + 4 =$ _____

9. $8,000,000 + 400,000 + 9,000 + 700 + 50 =$ _____

10. $11,000,000 + 70,000 + 800 + 9 =$ _____
