Water Slide Mathematics

Add. Then write the underlined numbers in order on the lines below to complete the sentence about water parks.

A.
```
  3,412        4,629        3,894        4,168
+ 2,839      + 1,381      + 2,009      + 2,387
─────        ─────        ─────        ─────
```

B.
```
  3,986        7,321        4,893        8,142
+ 2,018      + 1,845      + 3,125      + 3,246
─────        ─────        ─────        ─────
```

C.
```
  8,465        5,842        4,062        8,132
+ 3,143      + 1,938      + 2,389      + 1,826
─────        ─────        ─────        ─────
```

D.
```
  2,035        3,614        4,064        5,429
+ 1,846      + 2,815      + 2,813      + 3,846
─────        ─────        ─────        ─────
```

E.
```
  6,426        5,421        4,684        6,425
+ 2,181      + 1,846      + 2,193      + 1,899
─────        ─────        ─────        ─────
```

F.
```
  8,142        9,242        5,811        2,465
+ 1,846      + 1,346      + 2,398      + 1,384
─────        ─────        ─────        ─────
```

Many water parks use about

___, ___ ___ ___, ___ ___ ___ gallons of water!
