Dear sir,

I am very happy to receive your letter. I hope this letter finds your good health. I am very grateful to you and your students. I want to thank you and your students for supporting me.

I am sorry to say that my first terminal examination is not so good because as you know before I studied in a government and Nepali medium school so, I feel difficult to study in English medium and private college.

I am live in Butwal with my aunt. I study in Glorious higher secondary school. But my family live in village. I am studying science. But I promise to manage my study. I will try my best and work hard.

Right now in Butwal the temperature around 27 degree celsius. Many of the students and I spend the vacation travelling and fishing with their families. I also enjoy my holiday with my family.

I am very happy to know about your first grandchild. congratulation to you and your son.

please say my Namaste to your son and students.

Yours faithfully

Prakash
