Dear Kesley and Maya,

I received your letter yesterday only. I was very happy to read your letter. I feel so excited to communicate with you all.

First of all I will like to heartily thank you all to help in my <sup>Further</sup> ~~for that~~ study. I feel so glad when I listen that you have opened a club in my name. I like to thank Skyler for her help.

Now, our new session has been started and I got my result too. It was good and I am so excited to read in new class with new books. I got chance to read in new class with new books ~~I got books~~ because of your help I will do better in the class too.

Now, I like to stop my pen here and look forward for your next ~~letter~~ letter with love.

With love

Riva
